A VERY VALUABLE
GOLD MINE,
FOR SALE.

TRUE undesigning having qualified as the Ex-
ecutor of the last Will and Testament of
JOHN REID, Senior, deceased, will sell upon
the premises in Cabarrus county, in the State of
North Carolina, on Thursday, the 6th day of Febru-
ary next, the valuable

GOLD MINE,

so well known in Western North Carolina, as

"The Reid Mine."

This Gold Mine has the reputation of being one
of the RICHEST mines ever opened in this section
of the country, and this character is as well
as the history of Mining in North Carolina, it
being among the first Mines opened in this State.

Although this is one of the oldest Mines in the
country, it has as yet been but partially explored.
The late proprietor never would permit any persons
out of his own family to work the Mine, and they
never were permitted to enter the land he cultivated.

There are about 750 acres in
the tract, and but a small part of the tract
has as yet been tested, but the part worked has
yielded more Gold to the labor than any mine e-
ver opened in this Country.

Some of the rarest specimens of pure gold have
been found at this Mine that have never been found
in the United States, and with one or two ex-
ceptions, the largest mass of pure gold was found
here that we have any history of, it weighed 28
pounds, and its weight is number of other
large pieces have been found, weighing sixteen,
thirteen, eleven, and eight pounds, and so on, to
the smallest particles.

These large pieces were found in an alluvial
DEPOSIT near the surface. This deposit has
been found very rich as far as it has been tested,
but the largest portion of it has been in culture
by the late proprietor, and has never been
worked; but it is believed to be equally as rich
as the part that has been worked. There are al-
so a number of VEINS running through this
tract of land which have been but partially tried,
but as far as they have been tested, are equal,
if not superior, in value to any veins that have
ever been opened in this country.

This valuable property has been thrown into
the public market by the testator in order that
an equal distribution might be made among his
children.

Payments will be divided into three equal in-
stalments, and one, two and three years time will
be given, interest at the rate of six per cent, per
annum will be charged upon the whole after the
first year, the purchasers entering into bonds with
appropriate securities, or a discount of six per
cent, will be made for early payment. The
rate of, or checks on, any specific paying Banks
in North Carolina, Philadelphia, New York, or
Charleston, will be received. Further partic-
ulars will be made known on the day of sale.

The Mine is situated fifteen miles south east of
Cleveland, in the State of North Carolina.

section of country. Buyers invited to call and
examine for themselves, with the assurance that
they shall have BARGAINS if they desire them
—better than has ever heretofore been obtained
in this market.

Charlotte, Sept. 19, 1845. 2d

**CHARLOTTE
FEMALE ACADEMY.**

THE Trustees of this
Academy, with great
pleasure, announce to the pub-
lic, that they have se-
cured the services of the
Rev. Cyrus Johnson, A.M.,

as Principal of the Institution.

By reason of his peculiar method of instruction
and success in government, Mr. Johnson is fa-
mously known in the upper Districts of South
Carolina, as well as in this State, as among the
most diligent, accurate and successful Instructors
of youth. Accuracy is the prominent trait of his
character as a Teacher. His qualifications are
undoubted; and he has the experience of many
years in the business of teaching.

Parents and Guardians may safely confide their daughters and
wards to his care.

He will devote much of his own time to the in-
struction of the various classes in the higher sec-
ondary; and will be assisted by a number of
well qualified assistants; and, with the equi-
pment and advice of the Trustees, he will have the
entire direction and control of the Institution.

Young ladies may here receive an education
liberal and accomplished, and which will honorably
compare with that to be obtained in the best
Female Institutions of the State.

The School-year will consist of about ten
months, and will be divided into two sessions;

the first to commence on the Second Monday of
October, and close on the last Thursday of Feb-
ruary; and the second to commence on the first
Monday of March and close on the last Thurs-
day of July.

The course of Studies and rates of Tuition and
Board, will be similar to those of other Institu-
tions of the kind in this region of country.

The Principal is prepared to take a number of
Ladies as boarders, into his family in the Acad-
emy.
